No. 77-6088

Appellant's Brief

I have been duly sworn that I am a resident of Chicago now retired and live in Illinois state. This case was assigned to Judge Pierce. Judge Pierce rule that I was entitled to a decision and set it for trial. The W. S. Attorney office got it reassigned to a racist judge by the name of Judge Height who do not have any respect for black people rights and law. D. E. Johnson is Cabinet Officer and can be sued. Then after Judge Height rendered his decision against me the U. S. District Court siad they gave the case to the second circuit and the 2nd circuit said they never got the files. I never had a trial as Judge Pierce ordered. He went along with everything. The U.S. Attorney said that racist Judge Charles Height. I did not get a fair trial no trial at all. Everything Judge Height said is wrong. He does not know anything about law. How can a white judge stop a jury case that have been ordered by Judge Pierce.

I know Judge Height was against me from the start. He began to ask the U.S. Attorney questions about Federal Regulations he did not know anything about. I wanted the U.S. District Court or 2nd Circuit to come up with the file and have it here before this case go to trial. One of them lost it. I need the file to get the proceeding in this case. They knew the property was under demolition when they sold it to me. U.S. Attorney office also knew it was fraud. That's why they got it transfered to a white racist judge so I could not get a trial. After Judge Pierce order - it but they being white and Judge Height is white I did not have a chance and he also is a racist. Judge Height, I am talking about. If Judge Height said a Cabinet Officer can't be sued he need to give up his judgeship right now because he do not know law. I am asking you to send it back to that District Court for trial.
